

## CHAOS EXISTED IN NAVY PRE-WAR PLAN COMMITTEE TOLD

Capt. Harris Laning  
Testifies to Lack of  
Preparations

## DANIELS STRONG FOR DETAILS

(By the Associated Press)  
WASHINGTON, March 23.—After Captain Harris Laning, former assistant chief of navigation had told the senate committee investigating the Sims-Daniels row today that the navy had been without a comprehensive plan for war and that virtual chaos existed, Senator Trammell, Democrat of Florida, confronted the captain with a letter he had written to Admiral Sims on August 18, 1918, saying he was "not convinced" that the bureau of operations had erred in its general plans and saying also that had some of Sims' recommendations been adopted they would have been "disastrous".

Senator Trammell contended that Laning's letter was a complete contradiction of some of the charges in Laning's statement of today but the captain contended his letter referred to a period in the war later than that involved in the charges by Admiral Sims.

As the result of this alleged lack of preparation the witness said the navy department virtually was in a state of chaos the day the United States declared war.

"Personal characteristics" of Secretary Daniels often made it impossible to obtain approval of important plans and policies, Captain Laning asserted as the personal interest taken by him in minor affairs "occupied so much time that he never had much left to give us for really important problems."

### Shortage of Shells Told.

Captain Laning testified that at the time war was declared there was not a sufficient reserve of 14-inch shells for the magazines and that the bureau of ordnance had to obtain the aid of the bureau of operations to bring the matter to the secretary's attention impressively enough to get authority to let contracts.

After several weeks delay Captain Laning said, the shells were ordered. Other charges made by the witness were that the department in the years immediately preceding the war did not advocate legislation and policies that would prepare the navy for hostilities; that when it was apparent war could not be avoided the department still refused to prepare that lack of coordination in the department during the early months of the war reduced the effectiveness of American participation and added to the cost and that when war was declared the navy department told the country that the navy was ready when in reality it was known that it would take at least 100 days to prepare even the latest ships for active service.

The Bliss Letter.  
At the request of Senator Pittman, Democrat, Nevada the committee admitted to the record General Bliss' denial that he had ever recommended amalgamation of American troops with the foreign armies as Rear-Admiral Sims testified.

Chairman Hale also read into the records his reply to Secretary Daniels' request that the Bliss letter be put into the record saying that he considered it improper to insert papers into the record at the request of persons not before the committee and that Mr. Daniels would be given opportunity to present any documents he desired when he was called to testify. The chairman's letter added that "the papers have nothing to do with the very definite criticism of lack of preparedness and prompt support on the part of the navy department made by Admiral Sims in his letter of January 7."

## ROCK ISLAND DAILIES ARE CONSOLIDATED

Union Absorbed by Argus—The  
Arkus Will be Run as an In-  
dependent Publication.

(By the Associated Press)  
Rock Island, Ill., March 24.—Announcement is made today of the absorption of the Rock Island Daily Union by the Rock Island Argus. The change becomes effective tomorrow, when for the first time in half a century the city will have but one daily newspaper. The Union has been republican in politics. The Argus, which has been democratic will become independent.

The Argus was founded as a weekly in 1861, entering the daily field late in the 30's. In 1881, it was purchased by the late J. W. Potter, and on his death in 1898 the J. W. Potter Publishing Co. by which it is now owned, was formed.

The Union began as a daily in 1862 and was taken over by the Union Printing Co. in 1874. It was a morning publication until 1905, when it entered the evening field.

## WANT CANDIDATES TO GIVE OUT EXPENDITURES

"Labor" Newspaper Asks  
That Presidential Candi-  
dates Make Statements

(By the Associated Press)  
Washington, March 24.—An- other questionnaire for presidential aspirants, this time relating to campaign expenditures was made public today by labor, a weekly paper published by the fourteen recognized railroad labor organizations.

Reports that some candidates were spending large sums were given as the reason for submission of the questionnaire, which was in the form of a letter to a dozen Democrats and Republicans mentioned for the nomination. The letter declared that the gravity of charges concerning proper expenditures could not be exaggerated.

"Apparently there is no adequate provision in the law," the letter continued, "to safeguard the selection of candidates for the presidency and their friends, may, as federal statutes are concerned expend as much money as they see fit to affect the result."

"In view of these self-evident facts labor respectfully asks you to answer the following questions:

"First:—How is your campaign financed? How much have you expended to date, and how much do you expect to expend before the national convention of your party meets? Will you, by your national convention meets, make a further sworn statement of expenditures, together with lists of contributors, and furnish same to the press."

"Second:—Are you willing to join in an appeal to congress to immediately enact legislation compelling all candidates for the presidency to make sworn returns, showing all money spent by the candidates or anyone acting in their behalf, together with the names of all contributors to the candidates' campaign fund, or to any fund which may be raised in their behalf."

"We want to assure you that this letter is not to be construed as an indictment of the methods of any candidate."

## DELAWARE SUFFRAGE IS STILL UNCERTAIN

Both Friends and Foes are  
Claiming Ultimate  
Victory

(By the Associated Press)  
Dover, Del., March 24.—Friends and foes of woman suffrage both claimed points in today's preliminary skirmishes in the legislature to make Delaware the thirty-sixth state needed for ratification of the equal suffrage amendment to the federal constitution.

Introduction today of ratification resolutions in both senate and house opened the actual struggle. Plans to delay a final vote until next week were made by the suffragists while the opponents pressed for decisive action on Friday. Both sides continued confident of the outcome. Governor Townsend and other suffrage leaders reiterated their belief that enough changes would be made to finally effect ratification. Advocates claimed by the suffragists today were the postponement of a vote and the reference of the senate and house ratification resolutions to committees regarded as friendly. Anti-suffragist leaders claimed a severe blow was given the ratificationists in a round-robin signed today by twenty-one house members pledged themselves to vote against ratification.

Eleven Democrats headed by Representative McNabb, floor leader, and ten Republicans were said to have signed. Another tact taken by the opposition was the introduction of a resolution providing for popular referendums on all constitutional amendments. None of the various moves led to much debate in either body.

Tomorrow a joint session will hear delegations from organizations supporting and fighting the constitutional amendment. Imposing demonstrations are planned by both factions.

## WORKERS FORCES BEATEN BACK AT WESEL

Budrich, Rhensish Province, March 24.—(By the Associated Press).—The Workmen's forces are said to have been beaten back more than one mile at Wesel today, altho the firing was never intense and the situation was regarded as rather quiet. It is reliably estimated the population of the besieged city numbers about 5,000 and there are 2,000 men on the line.

## LAND SALES AND LOANS MAY REACH BILLION

Chicago, March 24.—Land sales and loans in the seventh federal reserve district may exceed \$1,000,000,000 when March land settlements are cleared, according to the monthly report of the Chicago Federal Reserve Bank made public tonight. The great volume of money needed to finance sales was one of the causes of the present strain on credit the report said.

Newton, Kansas, March 24.—Eighth district Republicans in convention here today went on record against military training and nomination of any candidate for president or vice-president who favors it.

## BRYAN'S VIEWS ON POPULAR GOVERNMENT

Great Commoner Be-  
lieves in Popular  
Government

## WOULD GIVE PEOPLE I. AND R.

(By the Associated Press)  
Springfield, Ill., March 24.—William Jennings Bryan in three speeches here today set forth his views on popular government, particularly on the initiative and referendum which is one of the principal proposals now before the Illinois constitutional convention. Mr. Bryan spoke before the convention, this morning, addressed a business men's club shortly after noon and spoke again tonight at a church meeting.

During the day Mr. Bryan expressed hope that the peace treaty would be disposed of before the opening of the presidential campaign. "Senator Owen" said Mr. Bryan in speaking of the peace treaty fight, "has introduced a resolution that would permit a majority of the senate to ratify a treaty. He proposes to make it as easy to end a war as it is to begin one. I hope that this resolution will pass and thus make impossible a situation such as we have had for the last eight months."

In all his speeches Mr. Bryan emphasized his belief in popular government and in the initiative and referendum. Speaking to the convention he declared that the people have a right to have what they want; that the people are the source of power and there is no other source to be trusted.

At the club luncheon he said: "I would give the people both the initiative and referendum, the greatest protection the people can have against the lobbyist or the dishonest politician."

At the church meeting tonight he reaffirmed his faith in popular government. The constitutional convention held a brief session this morning before Mr. Bryan's arrival. Numerous committees met this afternoon for consideration of proposals. A number of the committees are now working on final reports which they expect to submit to the convention soon.

## FIRST INSTALLMENT OF INCOME TAX RECEIVED

Illinois Leads Central West With  
Over \$83,000,000—Tax of  
Country For Year Will Run  
Over Three and One-half Bil-  
lion.

Washington, March 24.—Income and excess profits taxes aggregating \$908,829,172 were paid as the first installment of the nation's tax bill for 1919.

While these figures do not represent an exact one-fourth of the taxes for last year, they indicate collection for the entire year of approximately \$3,500,000,000. The first installment more than offsets outstanding treasury certificates of indebtedness and leaves the treasury in a position to continue its financial program outlined several months ago.

Collections for the first period of 1918 were approximately \$1,200,000,000 the reduction this year being due to the lowering of the normal income tax rate. Collections included: Illinois, \$83,274,672; Indiana, \$15,838,470; Iowa, \$8,804,358; Michigan, \$39,579,091; Missouri, \$26,395,016; Wisconsin, \$10,906,456.

## FATHER KILLS SON TO SAVE HIS SOUL

CHICAGO, March 24.—Frank Finano, 17 years old, lay in a cot in the county hospital today seriously wounded, while his father, who shot him "to save his soul," awaited anxiously the outcome of the boy's struggle for life. The father used his revolver last night to keep his wayward son from crime.

"I am not sorry," the elder Finano told the police. "Rather than have him hung or shot, I shot him myself. I was always afraid he would turn traitor. My boy was in bad company."

The elder Finano set out last night in a final effort to reclaim the boy. He found his son on the street in company of a gang and after a few words with him fired three bullets into his body. He waited over the wounded boy until the police arrived.

## GOES TO HOSPITAL TO COMMIT SUICIDE

Chicago, March 24.—Falling to find a cure for paralysis, Wilbur Whitte, Saltillo, Ind., farmer, returned last night to the Presbyterian hospital where he had received treatment some time ago and killed himself with a revolver. He left a note directing Dr. Post of the hospital staff to perform an autopsy in an effort to find the cause of paralysis and a cure for other sufferers.

## "STUDENT SOVIET" EMULATING RUSSIA

HAYS, Kans., March 24.—The Fort Hays Normal school is in the grip of a "student soviet," whose principal occupation is hunting down professors and throwing them into the lake on the college campus.

Two men have come near drowning. Professor P. Casper Harvey, of the English department has telegraphed state authorities at Topeka asking protection, and Richard J. Hopkins, attorney general of Kansas, has directed the county attorney here to prosecute persons responsible for the disorders.

The trouble started when President W. A. Lewis of the normal school left the state a few days ago on business. He suggested a half holiday on which men students should build a running track, while girl students carried water and prepared a meal for the toilers.

The suggestion was taken up eagerly. Someone suggested in a business men's club shortly after noon and spoke again tonight at a church meeting.

During the day Mr. Bryan expressed hope that the peace treaty would be disposed of before the opening of the presidential campaign. "Senator Owen" said Mr. Bryan in speaking of the peace treaty fight, "has introduced a resolution that would permit a majority of the senate to ratify a treaty. He proposes to make it as easy to end a war as it is to begin one. I hope that this resolution will pass and thus make impossible a situation such as we have had for the last eight months."

## WOOD LEADS IN SOUTH DAKOTA RACE

More Than Half the Pre-  
cincts Heard From—Low-  
den a Close Second

(By the Associated Press)  
Sioux Falls, S. D., March 24.—Additional returns tonight from country precincts on yesterday's primary election increased the total precincts heard from to 1185 out of 1740 and candidates for presidential endorsement by South Dakota Republicans received the following totals:

Wood 27,666  
Lowden 23,385  
Johnson 21,735  
About 300 of the 607 precincts are in the isolated sections of the state. Completed returns included the complete vote in 12 counties. 20 counties were within three precincts each of being complete. Many precincts did not report any vote cast for Senator Miles. A number of the committees are now working on final reports which they expect to submit to the convention soon.

## BERLIN ASSUMES NORMAL CONDITIONS

Workers Remove Collection of  
Litter Resultant from Disor-  
dering of Streets—Published Af-  
ter Ten Days Interim.

(By the Associated Press)  
Berlin, March 24.—(By the Associated Press).—Berlin seemed this morning to have resumed work. Road sweepers were busy removing a fortnight's collection of litter, tram men were repairing the tracks for an increased service and the railroads were running with more regularity. What effects the provisional cessation of the strike has had on other parts of the country is not yet known here.

Several members of the cabinet have begun negotiations with the representatives of the soviet dictatorships in various towns and, according to one report, the commission has been charged to find a basis for an agreement. The present position is a twenty four hours truce.

The newspapers are appearing after an interval of eleven days. They are unanimous that the damage caused by Kapp and his followers is enormous and that the utmost efforts will be needed to make it good.

## MINERS' DEMANDS REJECTED

London, March 24.—Representatives of the miners, whose demand for an increase of 15 shillings weekly in wages has been rejected following negotiations with Premier Lloyd George and the coal controller, met in private here today. It was learned however that the delegates have requested the executive of the miners' union to reject the counter proposal of the government.

The government has offered the men a 20 per cent increase in wages.

## PRESIDENT MAKES FIRST TRIP OUT OF WASHINGTON

Washington, March 24.—President Wilson today made his first trip outside of Washington since he was taken ill last fall. Accompanied by Mrs. Wilson and Rear Admiral Grayson, his physician, he drove into Virginia, as far as Alexandria. No stops were made and the president was away from the white house less than two hours.

## FURIOUS WON IN COLNSHIRE HANDICAP

Lincoln, England, March 24.—The Lincolnshire handicap, over a mile straight-away course for a purse of \$7,500, was won today by C. Matry's Furious, Lord (Clanville's Seal) was second and R. Thornburn's Monteth was third. Furious, a 4-year-old carried 101 pounds; Sealwell, 127 and Monteth 100.

## CHARGE I. W. W. IS TRYING TO SECURE FORMER LEGION MEN

Alleges Pretty Wom-  
en Distributed  
Literature

## SAYS SOLDIERS RESENT ORGY

(By the Associated Press)  
WASHINGTON, March 24.—Representatives of the American Legion presenting today to the house ways and means committee a revised optional plan for soldier relief, charged that agitators were trying to recruit into the I. W. W. former service men who were discontented because of the failure of congress to provide aid.

J. E. Holden, of Utah, testified that organized propaganda to discredit government aid and undermine the American Legion was being disseminated by the I. W. W. thruout the country. While some soldiers had been misled into joining that organization the rank and file, he said, stood firm against such influences.

Urging immediate relief, J. G. Seighem, of Nevada, declared there was something unrest among former service men and women who felt they had not received a square deal.

Holden told the committee that while partially disabled and in hospitals attractive young women gave him I. W. W. literature, which said the government had protected munition workers, war contractors and others from great losses, but had done nothing for former service men. These pamphlets urged ex-service men join the I. W. W.

"In Chicago the I. W. W. claims to have twenty per cent of the service men of that locality in their organizations," Holden said. "In the Utah mining camp, the I. W. W. outnumber the former service men six to one."

Any beneficial legislation for former service men should include heirs of those who died or were killed, declared Mrs. Herman H. Birney, of Philadelphia, representing the War Mothers of America.

Gilbert Reisman, of Cincinnati, asserted that less than half of those entitled to the \$60 discharge bonus had applied for it and that the legion's educational plan would prevent squandering of a cash payment.

Representative Gallivan, Democrat, Massachusetts, supporting the proposed relief plan, declared soldiers had returned from France to find an orgy of reckless spending and as a result felt they had received a "raw deal."

"The only example of the government's gratitude was the \$60 tip they received when discharged," he said.

## SOLDIER SAVED FROM DISSECTING ROOM

Indiana Attorney General Saves  
Body of Joseph Marino After  
It Is Sent to Medical School  
Died of Influenza in Prison In-  
firmery.

(By the Associated Press)  
Hammond, Ind., March 24.—The intervention of Atty. General Standbury of Indiana today saved the body of Joseph Marino, 21 years old, a former service man from the dissecting room of the state medical school at Bloomington.

Marion died at the penitentiary of influenza, prison officers sending the body to the medical school. The former soldier will be buried here tomorrow with military honors.

Marion, who was gassed in battle was an easy victim of influenza. He was sentenced to a year in the penitentiary for killing a man he said he slew in self-defense.

## ORDERS BANKERS TO COURT

Chicago, March 24.—Judge K. M. Landry today ordered the bankers of Illinois and Iowa summoned to federal court tomorrow to testify in the investigation of the affairs of the bankrupt, Daniel Hayes Land Co. He directed telegraphic summons be sent to E. C. Lacey, of Columbus Junction, Iowa; S. A. Stevens, Alnsworth, Ia., and a banker of East Moline.

William Butterfield, attorney for Washington, Iowa, creditors of the company introduced a new element in the case when he demanded that Daniel Hayes, Jr., explain why California land was sold to his clients in Iowa and at the same time was sold to other customers in Ohio. Judge Landry ordered the charge investigated.

## STEPS TO LEGALIZE BOXING IN NEW YORK

Albany, N. Y., March 24.—The senate by a vote of 30 to 19 today adopted the Walker bill designed to legalize boxing in the state under the auspices of the athletic and civilian board of boxing control.

## PEACE PLANS STILL HANG IN BALANCE

Leaders Hope for Early  
Agreement on Peace  
Declaration

(By the Associated Press)  
WASHINGTON, March 24.—With plans for a peace declaration at a standstill in the senate, Republican leaders of the house conferred today on means of hastening action on the declaratory resolution at their end of the capitol. There was no final decision on the form of the resolution or the time of its presentation, but it is said an agreement probably would be reached within a few days.

Various constitutional points have been raised, all of which the leaders want to meet in the draft which they will finally lay before the house. It is expected that the resolution will be put into form by the foreign affairs committee and will be brought up on the house floor under a special rule to expedite its adoption.

Several causes are understood to have contributed to the decision that the house should act before the senate, one being the absence of so many senators, the mustering of a quorum would be difficult. Besides there are so many conflicting opinions among Republican senators as to what the resolution should contain that it was suggested the house try its hand and give the Republican senate leaders something substantial to work with when senate consideration does begin.

Speaker Gillett and Republican Leader Mondell of the house held along conference with Senator Lodge of Massachusetts, Republican senate leader, before their plans were inaugurated and it was understood a general understanding was reached as to procedure.

A new element was injected into the question today by Senator Thomas, Democrat, Colorado, who declared that if President Wilson vetoed a peace declaration congress would have no authority to pass it over his veto. He argued that as the president's concurrence is required to declare war it also would be requisite to a peace declaration regardless of how many times or by what majorities the resolution might pass the two houses of congress.

## RAILWAY HEARINGS ARE CONCLUDED

Decide on Method of Valua-  
tion to Give Standard  
Return

WASHINGTON, March 24.—Hearings before the interstate commerce commission to determine methods of railway valuation prior to adjusting rates to give the standard return under the transportation act were concluded today with the representatives of the carriers, security holders and the majority of the shippers favoring the investment accounts of the roads as a "minimum basis" of value against determined opposition by the state railroad commissioners. Final arguments of the three day session were made by S. T. Bledsoe, of Chicago and F. H. Wood, of New York, for the association of railway executives. Mr. Bledsoe declared the "book accounts" more nearly approximate the value than any other evidence. The carriers were gratified, Wood said, that the shippers told the commission that they were more interested in the promotion of service and extension of transportation facilities than in exact rates. With the granting of sufficient rates he said the railroads could afford the adequate service desired.

Grouping of the railroads for the purpose of valuation and rate fixing played a minor part in the hearings. Representatives of the shippers of the southwest asked for a division of the western freight classification group on grounds that the needs of that section require rate adjustments apart from the whole of the west.

Northwestern shippers also asked for a sub-division, but other representatives favored the retention of the established classifications for the present at least.

## OPERA HOUSE SALE IS AGAIN RUMORED

The rumor was current yesterday that John Anderson, owner of the Grand Opera house building, had sold the property to John Frank. However, this story could not be confirmed and Mr. Anderson last night declared that it was not true. However, the present owner of the building indicated that he might have some announcement at an early date in which the public will be interested. Improvements in the building are still in progress and Joseph DeGoveia has a number of men at work there.

## PETITIONS WITHDRAWN

Yesterday was the last day for withdrawal by candidates who filed petitions for committee men, Charles Reinhardt in District No. 7, and Louis Leurig, in District No. 5, both of Jacksonville, gave notice to County Clerk G. L. Riggs, that they do not wish their names to appear in the ballot.

New York, March 24.—Out for a stroll this morning "Rex," veteran mascot of Engine company Number 4 discovered smoke pouring from a restaurant in Maiden Lane. He hunted up a policeman and led him to the fire by bawking and capered with satisfaction as his company "pooled" swiftly to the blaze. The fire was extinguished with slight loss.

## STOCKHOLDERS OF U. S. STEEL HAD HARD YEAR

Shows Big Decrease  
Over Earnings of  
1918

NET EARNINGS  
ONLY \$143,589,063

(By the Associated Press)  
NEW YORK, March 24.—Earnings of the United States Steel Corporation for 1919 aggregated \$152,290,639, a decrease of \$55,990,465 from 1918, according to the detailed report issued today. Allowance is made for estimated amount of federal income and excess profit taxes. Balance of earnings, after interest payment on outstanding bonds and mortgages of subsidiaries, amounted to \$143,589,063, a decrease of \$55,761,617, with a net income of \$98,043,136, a decrease of \$50,588,720 and a surplus net income of \$26,159,781, compared with \$28,935,350 in the previous year.

Adding this surplus to surplus accumulated by all companies from April 1, 1901 including the \$25,000,000 provided for working capital at origin the corporation at the end of 1919 had a total undivided surplus exclusive of profits made by subsidiaries of \$1,448,557,835 as against \$1,744,312,163 in the preceding year. The combined general balance sheet fixed assets at the enormous total of \$2,365,882,382.

Among the largest items in this account are Liberty Bonds, United States treasury certificates and other marketable securities valued at \$159,060,671. The entire year's output of finished steel products averaged 74.3 per cent of capacity. Production of iron ore fell from 23,332,939 tons in 1918 to 25,423,093 in 1919; manufactured coke decreased from 17,757,636 tons to 15,463,649 and rolled and other finished steel products decreased from 13,849,483 tons to 11,997,935.

Comparison of the number of employees on the payroll shows a total of 252,106 in 1919 and 248,710 in the preceding year but salaries and wages in 1919 amounted to \$479,548,040, as against \$462,663,524 in 1918.

## VIOLATION OF THE ANTI-TRUST LAW IS CHARGED

Fifty Six Counts Against  
Colgate & Co.—Officials  
Issue Statement

(By the Associated Press)  
Trenton, N. J., March 24.—An indictment containing 56 counts, charging violation of the Sherman anti-trust law was returned by a federal grand jury here today against Colgate and Company of Jersey City, N. J., manufacturers of toilet preparations. The indictment claims the company illegally fixed resale prices of its products to wholesalers and jobbers.

The company was indicted in 1918 for fixing resale prices but because of a technicality a demurrer to the indictment was sustained. The grand jury's action today quotes alleged correspondence between the company and its selling agents and dealers in its products.

The company was indicted in 1918 for fixing resale prices but because of a technicality a demurrer to the indictment was sustained. The grand jury's action today quotes alleged correspondence between the company and its selling agents and dealers in its products.

## BANISHING THE HORSE

How far the automobile has supplanted the horse for haulage purposes in the larger cities is indicated in a proposed Denver ordinance. If this measure becomes a law, no horse will be permitted on the principal streets of the city except thru special rulings by the commissioner of public safety. Provision will be made for the movement of horses, cattle or sheep to stock yards or packing plants, but otherwise the animals will be tabooed in the corporate limits of Denver. It is said that this law will not mean a very marked change, for motor vehicles have already taken the place of draft animals to the amount of 90 per cent.

**FOOD COMES FROM EUROPE**  
(From the Indianapolis News)

Before long, according to New York's Market Commissioner, large quantities of butter, cabbage, and potatoes will be coming from Denmark to the United States. The starving Austrians and Armenians must find something ghastly and ironic in such news. The people of Vienna are tearing the remaining flesh off a horse that falls in the street from underfeeding in order to keep life in their own bodies.

Ninety per cent of Vienna's children, if travelers and the Austrians themselves may be believed, are suffering from a disease due to insufficient nourishment. Americans are spending millions to feed starving Armenians as well as Austrians. Meanwhile, a European neighbor, Denmark, is sending thousands of tons of foodstuffs and promising to send unlimited quantities across the ocean to the richest and best fed nation in the world, where any well man who wishes can eat ten times more than is good for him. The starving European may be pardoned for questioning destiny in a world so cruelly topsy turvy.

Denmark is selling foodstuffs in the United States for the one all inclusive reason that she can get more for them here than anywhere else. Fortunate America, that can pay more than any other nation for food she needs less than any other nation! Perhaps it is not so much that America can afford to pay, but that she can be made to pay. Danish foodstuffs, after adding the expense of loading and shipping across the ocean, can be sold more cheaply in New York than produce raised in New Jersey. This, despite the enormous

demand for food in Europe. Starving people do not hesitate about prices. But, in America, where there is plenty of food, prices are still higher. Legitimate cost of labor and distribution in the United States cannot be entirely responsible for such prices. There is something rotten, not in Denmark, but in the United States.

## FOOD FOR EUROPE

The House has given its approval to the sale of 5,000,000 barrels of low grade flour to Austria, Poland and Armenia. The supply will bring relief to the starving population in the near East. The resolution was adopted by a vote of 283 to 12. Only one Republican voted against it. The resolution replaces one held in abeyance proposing a loan of \$50,000,000 to be used for the same purposes.

The flour is valued at the same amount and virtually represents the profits the U. S. Grain Corporation has made from purchasing and selling wheat and flour. Senate action on the resolution is expected in the next few weeks.

## POSTPONE TRYING TREASON CASES

Herman Wessels, alias Carl Rodiger, under indictment for treason, has obtained a writ of habeas corpus directed against the commandant of the Brooklyn Navy Yard where he is confined awaiting trial by naval court-martial. It appears that the man has been twenty-one months in the Tombs prison and behind the bars at the navy yard waiting for Mr. Daniels to get ready to try him. I was just such official tenderness as this that encouraged pro-Germans during the war to plot against the Government. Of course if there is no intention to try the man he should be freed, but why has his case not dealt with promptly when he was apprehended, while the example would have had a very beneficial effect on the morale of the whole country?

## TO BUILD OR NOT TO BUILD?

It is not surprising that the bids opened yesterday for the proposed filtration and power plants exceeded the figures of the estimates made a number of months ago. Since that time there has been a steady increase in the cost of all materials and the expense for labor has also advanced. Members of the city council and a number of citizens carefully considered the figures submitted yesterday. After a lot of pains-taking study, certain deductions were made from the proposed plans and in the cost cut down as much as possible further reductions.

If all of the funds now available and all that could be secured thru a further bond issue, are taken into account, there will still be a shortage of from \$15,000 to \$20,000. This will be the condition if the council decides that the best plan is to now proceed

with the erection of the two plants.

Judged by its actions during the past year, the council wants to follow the wishes of citizens in this situation. There is no doubt about the feeling of the public with reference to the filtration plant. Everybody wants that plant built and as speedily as possible. It will cost a great deal more now than when at first projected but citizens feel that the lower prices is certainly near at hand and that just as certainly an emergency exists and the plant is needed to make the new water project a success.

When it comes to building the power plant, there may be some difference of opinion, not about the desirability of the plant but as to the wisdom of proceeding at this time. It is on this point that the council wants advice and to know the temper of the people. If the plant is completed this year it will be necessary to issue bonds to the extent of \$29,000 and to provide further by subscription or some other special means of from \$15,000 to \$20,000.

The erection of this plant will mean improvement of service in the light and water departments, and will make possible a very considerable yearly saving by comparison with present operation costs. It is safe to say that a majority of the people would like to see the power plant project pushed forward this year, that is, if some business-like way of further financing it can be found. This is a matter for the earnest consideration of city council and citizens, and only thru their co-operative effort can the plant be completed now. Most anything seems possible in Jacksonville these days.

Rippling Rhymes  
By Walt Mason

## THE FRISKY BACKBONE

The spine of winter beats the band, it is an artful dodger; at times we think we have it canned and made a graveyard lodger. We cry, "The spring has come at last, with robin, wren and sparrow!" And then there comes a bitter blast that chills us to the marrow. Then in a whitewashed ward we lodge, attended by neat nurses, and we are lucky if we dodge a joy ride in some hearse. Each year the backbone seems to sag, to show that winter's ended; each year it springs the same old gag, and all our hearts are rendered. We plant our early spuds and greens that we may eat in summer; then comes a blast from arctic scenes that puts them on the hummer. One night last week I went to bed and thought the winter ended; the sky was cloudless overhead, the outlook simply splendid. I thought the backbone had the jar it long had been demanding, and so I didn't drain my car, but left the water standing. Oh, whiskers! when the morning broke, the winter was renesant, the snow was flying round like smoke!

longed to cuss, but desent!—And all my neighbors had the gripes, those patient watchful waiters, the town was full of frozen pipes, and busted radiators.

MIKE DUNDEE GIVES  
ROSS SLEEP PILL

**Rock Island Fighter Knocks Out Opponent in Seventh Round—Ross Was Subbing For Ritchie.**

Beardstown, March 24.—Mike Dundee handed a sleep pill to Ross, a Chicago fighter in the seventh round here tonight. Ross was substituting for Ritchie who was unable to appear because of a broken nose. Ross put a good fight for six rounds, but Dundee's superior skill and condition then began to tell.

Sampson of Peoria knocked out Brandt of Chicago in the second round of a scheduled ten round go.

Billy Hallas was awarded the decision over Bill Smith of Peoria in a wrestling match for the middle weight championship of the world after fifty-two minutes of wrestling.

Osnor of Alton was referee and Sy Seymour of Beardstown, official time-keeper.

There was a large crowd present and the show was said by the fans to be the best that has been staged in Beardstown. The next show will be held April 7.

GOOD ATTENDANCE AT  
GRACE CHURCH SERVICE

The attendance at the Grace church revival service last night was very good, notwithstanding the unfavorable weather. The pastor, Rev. T. H. Tull, delivered an earnest discourse from the text: "The Master is come and calleth for thee." Special emphasis was laid upon the fact that Jesus is here in the fullness of His power and that He is calling thru the church and the various religious agencies for the best service of which mankind is capable. At the close of the sermon one person in the congregation signified the intention of living a Christian life.

## ALEXANDER

J. C. Ewon has returned after attending the funeral of his daughter-in-law, Mrs. J. R. Ewon, at Anderson, Ind. Mrs. Ewon and daughter, Miss Lena, will remain in Indiana for some days to come. Mrs. E. J. Kumle, who has been ill for a number of days, has not shown as much improvement as her friends hoped for. Mrs. W. P. Corrington and Misses Mamie and Dovie Corrington were Jacksonville shoppers Wednesday.

WILL TELL WAR  
TIME IMPRESSIONS

Mrs. Ruth Bryan Owen Coming to Jacksonville Soon—Spent Years Near British Army Operations.

The directors of the Anti-tuberculosis association were very much pleased yesterday to complete arrangements for the coming to Jacksonville of Mrs. Ruth Bryan Owen, who will lecture here next Wednesday night. Mrs. Owen's subject will be "Entering the Promised Land."

Mrs. Owen is not new to the lecture platform as she has made numerous public addresses and is now on a lecture tour. Her experiences during the past four or five years have been of a kind to form the basis for an informing and interesting lecture. Mrs. Owen is the wife of Major R. A. Owen of the British army. She left England only two days before the order was given which prevented English women from taking sea passage because of the submarine menace. She went from England to Cairo, there to await the coming of Major Owen who was with the English army in the Dardanelles. After that campaign he was stationed at Suez and later with the English army pushed on thru the Holy Land.

It was the fortune of Mrs. Owen thru a period of years to be in very close touch with this campaign and with other very interesting world events. Her experiences, therefore, were of a unique and unusual kind and the story she will tell in Jacksonville will have nothing about it to remind one of the usual travelogue.

There are many people in Jacksonville who knew Mrs. Owen as Miss Bryan and still others who met her in later years. As indicated, she is not new to platform work as a number of years ago she gave a series of lectures for the university of Nebraska and has spoken from many platforms since that time. As a public speaker Mrs. Owen is quite well worthy of the Bryan name.

## RETURN FROM KANSAS CITY

William N. Hairgrove and Miss Tillie Hairgrove have returned from Kansas City, where they went to attend the funeral of Charles Hairgrove. The Kansas City Star in a recent issue gave a picture of the deceased young man, together with an extended notice. He had been very popular as a student in the Kansas City schools and prominent in sports.

Many new suits, coats, skirts, dresses, blouses and millinery received since our successful opening of yesterday.—J. HERMAN.

## B. B. TEAMS FAIL TO PLAY

The Westminster and Baptist senior basketball teams which were to have played last night in the Y. M. C. A. for third and fourth places failed to show up. The rules provide that if one team fails to show up it shall forfeit the game to the other but since no team was on hand to take the forfeit the game will be played at a later date.

### W. C. T. U. TO HOLD OPEN MEETING MONDAY

Local Temperance Organization Arranges Interesting Program at Home of Miss Olive Blunt Next Monday.

The Jacksonville W. C. T. U. will combine the red letter days of four great temperance workers, making an interesting program at the home of Miss Olive Blunt, 507 South Prairie street, next Monday from 2 to 5 o'clock p. m. This is an open meeting and all are invited to attend. Mrs. G. W. Randle, vice president, has been requested to preside.

After the devotionals led by Mrs. Pontius (alternate, Mrs. Fell) a parliamentary drill of 10 minutes will be conducted by Mrs. Sarah J. Cocking, the subject to be one of her own choosing. Then will come the song, "All Round the World the Ribbon White is Twined." Mrs. A. Brannon (alternate, Miss Eleanor Thompson) will read extracts from the life of Neal Dow. After a song by Mrs. Charles Hopper, a tribute will be paid to the life of Miss Frances Willard by Mrs. Daniels of Murrayville (alternate Mrs. Brown).

The remainder of the program will be carried out as follows:

Poem, "Our Flag"—Miss Hughes (alternate, Miss Mattie Tapp).

Instrumental solo—Miss Ella M. Creamer.

Extracts from the life of Mrs. Lillian Stevens—Mrs. Darley of Franklin (alternate, Mrs. Smith).

Song, "My Father Knows"—Mrs. Hoffman.

Extracts from life of Madame Willard—Mrs. Keep (alternate, Mrs. Sarah Cocking).

Song, "Keep the Home Fires Burning"—Double Quartet from fourth ward school.

At the close of the program light refreshments will be served by the hostesses, Miss Blunt, Mrs. J. H. Hopper, Mrs. Charles Hopper, Mrs. Moses and Miss Moses.

All women interested in temperance or who would like to join the union are most cordially invited to come.

ATTENTION G. A. R.  
Matt Starr Post 378 G. A. R. will meet Friday, March 26th, 4 p. m.

## Social Events

### "Germany" Subject at Wednesday Class.

The Wednesday class met yesterday afternoon with Mrs. U. G. Woodman on West State street. Mrs. Frederick Hayden read a very interesting paper on "Germany".

During the social hour following the program the hostess served delightful refreshments.

### Parent-Teachers' of Second Ward Sell Aprons.

The Parent-Teachers' association of the Second ward held a successful apron sale yesterday afternoon at the home of Mrs. J.

N. Conover, 251 Webster avenue. There was a good attendance and all the aprons were sold, netting the sum of \$40.00 which will be used to purchase a scale for the Lafayette school.

Mrs. Conover was assisted by Mesdames W. T. Wilson, Herbert Capps, Thomas Harber, Clarence Lukeman and Harry Hall.

### I. C. Theater Party.

A very pleasant time was spent last evening by a group of Illinois college faculty and students at a theater party at the Grand. After the show they repaired to Academy hall where they enjoyed an after theater supper of Welsh Rarebit and other dainty dishes. The party was made up of Misses McQuisten, Raetzman, and Taylor, and Messrs Best, Thompson, Thies, Thomason, and Davis.

### Hard Time Party at Lynville.

Miss Ruth Miller and Freda Masters gave a hard time party at the F. M. Masters country home three miles south of Lynville last evening.

Eighteen of the young people of the neighborhood were present in dress appropriate for the occasion, some elaborate and some simple.

The evening was spent in games characteristic of hard times and a general sing.

The refreshments of ice cream and cake, were served in keeping with the spirit of the party, on meat plates, tin cups, soup bowls and pie tins. Everybody had a pleasant time and are convinced that style and conventional parties are not the only entertainments that can be enjoyed.

## DR. J. R. HARKER HOME FROM BOARD MEETING

Attended Inter-Church Conference of M. E. Church—Arrange for College Display at Des Moines, Iowa.

President Harker returned recently from New York where he attended the meeting of the Inter-Church conference of the Methodist church. This board is composed of two representatives from each of the nine boards of the church, and it arranges the work of the various boards.

The meeting was called to make arrangements for the general conference which will meet in Des Moines in May.

Dr. Harker and Dr. A. W. Harris, secretary of the board of education made arrangements for a reception room in the public library at Des Moines for college people. The room will be attractively furnished with penants and pillows of the Methodist colleges of the country. Arrangements will be made also for the serving of light refreshments.

An automatic machine will throw views of the colleges on a screen at a certain time during the day. It is hoped too that a reunion of each college will be held at some time during the conference.

## COLORED WOMEN VOTERS ORGANIZE

The colored voters of the city, both men and women, of the Republican party, are now organized to take an active part in the coming election.

The men organized a week ago and last night the women met in the Tabernacle hall on South Main street and perfected their organization.

A joint meeting will be held next Tuesday evening in Tabernacle hall at which time several candidates will speak.

The officers elected by the women last evening were:

President—Mrs. Grace Young.

Vice President—Mrs. Serena Douglas.

Second Vice President—Mrs. Myrtle Young.

Secretary—Mrs. Pearl Short.

Corresponding Secretary—Miss Clema Harold.

Treasurer—Mrs. Joe Barney.

Executive Committee—Mrs. Laura Nelson, Mrs. Gertrude Dugan, Mrs. Millie B. Davis.

Chairman Program Committee—Miss Dora Wafful.

Chairman Refreshment Committee—Mrs. Iva Meadows.

## THE HAAS CO. NEW QUARTERS READY SOON

The Haas Electric & Mfg. Co. will move into their new salesrooms at 215-217 East State street on or about the 15 of April. The new location will be well lighted and will present a very attractive appearance. Reo, Winston and Milburn Electric automobiles will be displayed on one side while on the other side a full line of electrical accessories will be displayed including electrical household appliances, such as washing machines, vacuum cleaners, toasters, grills, irons, reading lamps and silk floor lamps and a complete line of lighting fixtures. The management will be under R. W. Blucke succeeding Homer L. Ranson, resigned.

## SEWER COMMITTEE HELD CONFERENCE

The social citizens' committee appointed to investigate the sewerage questions held a meeting at the council chamber Wednesday afternoon with F. J. Waddell, presiding. The committee has a recommendation from a state engineer as to what sanitary and health conditions require in Jacksonville, and it was the decision of the committee yesterday to ask the Jacksonville Engineering Co. and the Caldwell Engineering Co. to both present reports stating what they believe are the Jacksonville requirements for sewerage disposal and the best system to follow.

Other matters were discussed and the committee will have additional data before transmitting its report to the city council and the public.

Room 4, Unity Bldg.

## J. A. M'FARLAND IS LOCATED IN DECATUR

Took Clothing from Room of Mrs. Alice Richardson in Coard House—Officer Williams Trails Wife to Decatur and Locates Wanted Man.

J. A. McFarland was arrested in Decatur Tuesday night after Officer Williams had located him by trailing his wife who left here on the Wabash Tuesday evening to join her husband in that city.

Some days ago McFarland and his wife disappeared from the residence of F. M. Coard where they had rooms. They were suspected of taking several hundred dollars worth of clothing from the room of Mrs. Alice Richardson in the Coard residence.

The police were notified and could not locate McFarland who had left town. However, they located his wife and kept her under surveillance. Tuesday evening the woman appeared at the Wabash station and purchased a ticket for Decatur.

She was seen by local officers and Earl Williams was quickly placed in citizen's clothing and sent on the same train. Chief of Police Kiloran then called the Decatur police department and the night captain of police was at the station in Decatur awaiting the arrival of the train.

In company with Officer Williams the woman was trailed to a boarding house where McFarland came out to meet his wife. They were both taken in custody and a search of McFarland's room revealed all of the articles alleged to have been taken from Mrs. Richardson's room.

The couple were brought back here on the morning train Wednesday. Mrs. Richardson was notified and later identified her property in the chief's office.

McFarland was taken before Justice Opperman and waived examination and was placed under bond in the sum of \$700. He was unable to give the bond and was committed to jail. His wife was not arrested as she evidently did not have a part in the theft.

McFarland is an ex-service man and his home is in Newcastle, Indiana.

## WILL PLAY IN INTERSTATE TOURNEY

Bloomington, Ill., March 24.—The Bloomington high school basketball team, accompanied by Assistant Coach Luebchow, enroute tomorrow morning for Madison, Wis., where they will compete in the Interstate High School Basketball Tournament for three days. Bloomington's first game is with Valley City, North Dakota, Friday.

## Busy Women

Clean Electrically  
The woman who has many interests—welfare work, club, social, political, religious, athletic, educational—finds the electric cleaner indispensable.

Her home is not slighted but is kept in better condition with less effort in less time. Such a woman buys an electric cleaner as an investment—as a business man buys a typewriter or installs a telephone, for sound, practical reasons.

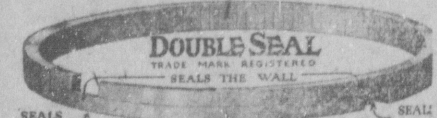

People who know will appreciate the many good points of the Western Electric Cleaner.

## Little Hope of Relief For Victims of Catarrh

Unless Old-Time, Obsolete Treatment is Discarded.

Doubtless during the mild summer months you have enjoyed some relief from the disease, because there is always less inflammation of the membranes during the summer, but do not make the mistake of thinking that your Catarrh is gone, for the very first raw, damp, watery day, the delicate linings of the membranes will begin to again become irritated and sore, the air passages will begin to clog up, and soon you will find that your old enemy is still with you, with a fiendish intention of making the winter as full of discomfort as ever.

What are you going to do about it? If you have had the disease for any length of time, the chances are that you have used enough local remedies to convince you that there is no cure for you in this method of treatment. Are you going to drag through another winter of hacking and spitting and praying constantly in an effort to unclog the stopped up air passages so that you can get your breath for awhile, knowing that these accumulations will immediately reappear—or are you going to discard this makeshift treatment, and use a little intelligence in an effort to get rid of this disease that is such an annoyance and a constant handicap?

You must accept the teachings of science, which shows that to get rid of any disease, you must treat it at its source, you must direct your efforts toward removing its cause, instead of being satisfied with slight temporary relief from its symptoms. You must root out from your blood the millions of tiny germs which cause Catarrh, that there can be no more inflammation of the nose and throat, and choked up nasal passages that make breathing difficult and painful.

S.S.S., the fine old blood remedy, has given splendid results in the treatment of Catarrh, and you will be delighted with its effect on your case. It so purifies and cleanses the blood, that disease germs are eradicated, hence when the germs of your Catarrh are eliminated from the blood, you are on the right road to a permanent freedom from the disease. Go to your drug store and get a bottle of S.S.S. to day and begin the real rational treatment that will give real results.

If you will write our medical department, we will take pleasure in giving instructions regarding the treatment of your own particular case. Address Chief Medical Adviser, 15 Swift Laboratory, Atlanta, Ga.

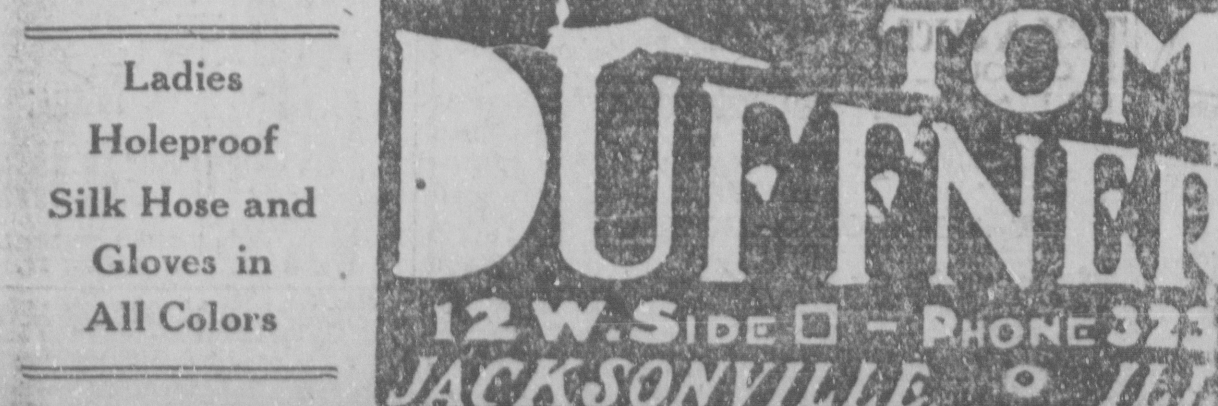

THIS STORE IS NOW ALL READY FOR EASTER SHOPPERS

## REAL NOBBY NECKWEAR FOR EASTER

STYLISH SPRING HATS including John B. Stetsons and Longley. Shirts, Hosiery and Gloves, and everything else man wear, correct in style, perfect in quality, and reasonable in price.

## What Car Rivals the Hudson Super-Six?

What can any fine car give that compensates for lack of the Super-Six motor?

It is exclusive in Hudson. For five years it has meant unquestioned supremacy in acceleration, hill climbing, road and speedway contests. But, more important, it reduces vibration almost to nil and so checks the most destructive force automobiles must contend with. This assures dependable everyday transportation and long life in the car.

And Hudson also is supreme in design. It created models now standard with all fine cars. Men and women of good taste always turn first to Hudson for beauty, distinction, power, speed, reliability and endurance.

More than 80,000 Hudsons have been sold. The demand far exceeds production. Unless you order now you may be disappointed in delivery.

## INTEREST IS SHOWN IN RELIEF CAMPAIGN

People in City and County Respond Liberally to Plea for Suffering Armenian Children.

The lives of 316 Armenian children are depending upon the action of the Jacksonville business men this week. Beginning this morning solicitors will see every business man in the downtown district in the effort to supply food for the starving Armenian children. The quota for the downtown section is 316 children and it is expected that these hungry youngsters will be provided for within a very short time.

Not all the solicitors for the business district had been appointed last night but those appointed so far are as follows:

Thomas Hopper,  
Charles Richards,  
Frank Plouer,  
W. J. Brady,  
Vance Bassett,  
James Guyette,  
Frank Byrns,  
Joseph Shreve,  
J. S. Findley,  
Hugh Green,  
Wm. Batz,  
Len Magill,  
J. C. Lukeman,  
Charles Ator,  
Lloyd Hamilton,  
W. H. Self,  
J. E. Scott.  
Solicitors are now at work in

the residential section of the city and county and from reports so far received Morgan county will doubtless be able to feed the 1700 children for the thirty days she has been asked to care for them. A list of ward solicitors will be published tomorrow.

Precinct No. 15 which lies south and east of the city is under Mrs. W. T. Scott and Mrs. J. W. Arnold, who report that they will provide for more than the 40 children allotted to them. They have covered one-third of their territory and have not met with a single refusal. Nearly every one solicited has taken one child to care for and the others have made liberal contributions. Sixteen children were provided for in one afternoon in this district. Mrs. Scott announced yesterday that they would likely complete their work by Friday.

The executive committee wishes the public to know that all money collected in the campaign goes directly to the relief work as all expenses of the campaign have been cared for by a few wealthy individuals. Cleveland E. Dodge of Detroit gave one million dollars solely for the expense of the campaign. Mr. Dodge said that his million dollars spent in America would enable the Near East Relief organization to collect and send one hundred million dollars to the Armenians his million dollars would be better spent here than if sent directly abroad.

### NOTICE K. OF C.

Regular meeting tonight. Business of importance. A full attendance desired. W. T. HARMON G. K. J. J. FERRY, F. S.

### BACK FROM CALIFORNIA

Mr. and Mrs. O. F. Conklin have returned from their extended sojourn in California and both are quite well and glad to be again in their Illinois home. Mr. Conklin says that the prices of apartments in Los Angeles and southern California generally are not excessive and foodstuffs generally are little more expensive than here, but the hotels are reaping a harvest, charging just about what they please. He told of a gentleman who wrote ahead and engaged accommodations, the price being stated, but when he arrived, the rate was way in excess of the one quoted and "take it or let it alone" was his greeting and he had to take it.

In eastern Kansas and much of Kansas generally, Mr. Conklin found the wheat crop looking rather encouraging. He said also that some fields had been sown and had no rain since till recently and there was a possibility that they yet may make a crop.

The workmanship of all our trimmed hats made on our premises cannot be excelled in this country. Leave your Easter orders with us to insure perfect satisfaction. J. HERMAN.

### A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys, if not sold by your druggist, by mail, \$5. Small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 2925 Olive St., St. Louis, Mo. Sold by all druggists.—Advt.

## WAR MOTHERS TO MEET AT JOLIET

First Annual State Convention Will Be Held There March 30 and 31.

The first annual state convention of the American War Mothers will be held at Joliet March 30 and 31. More than 100 women of that city have arranged to open their homes during the convention and will entertain the mothers of soldiers from all parts of the state.

Mrs. E. Duffy, 400 Webster street, Joliet, is the corresponding secretary and mothers who expect to attend are urged to communicate with her and arrangements will be made upon request for accommodations. Mrs. Duffy in a letter just sent thruout the state outlines some of the work of the national and state organizations. This letter reads as follows:

Dear Madam:  
Do you know that there is a National Organization of War Mothers? We are organized in several states and in many cities in Illinois, we have local chapters organized under the National organization. And we want every mother of a boy or girl who were in the service to belong to the organization.

We have called a state convention to be held in Joliet, Ill., March 30 and 31, in order to perfect a state organization. We want at least one War Mother from each county to attend, and would be very glad to have you with us. A program has been arranged, with good speakers and other interesting features, including a dinner.

The object of our association is to affiliate mothers of sons and daughters who have served their country in any branch of our service, during our recent war with Germany. We should draw together, having in view four objects, namely:

1. To commemorate the deeds and valor of our soldiers, sailors, marines, and of our beloved dead.
2. To collect records to perpetuate their memory.
3. To aid and sustain those mothers who have suffered anxiety and loss, that they may feel the universal, sympathetic heart of motherhood.
4. To uphold the principles of justice, freedom and democracy and to promote peace on earth, good will to all men.

As blood mother is eligible to membership.

### CLOSING OUT SALE

Live stock, farm implements, hay and corn at the farm of the late William Leake one mile south of Joy Prairie on Thursday, March 25th at 10 a. m.

### A MISSIONARY BIRTHDAY PARTY

(Contributed)  
Child: "Mother, when are you going to have that party?"  
Mother: "On the 8th of June, just one week before the state Sunday school convention begins."  
Child: "How old are you?"  
Mother: "My child, I am 40 years old. Because I am a missionary society, I am proud of my age."

Child: "What are you going to do at the party?"  
Mother: "We are going to meet at Grace church and try to get acquainted with all our members and friends, then we will all eat together."  
Child: "May the children go to your birthday party?"  
Mother: "Yes, because you who are mothers' jewels and your grown sisters may also come and the little folks may bring their mamas with them and we hope to make them so interested they will join our W. H. M. S."  
"One thing I forgot. Each member of our society is expected to wear a badge to show how many members she has secured during the past year. These new members are the birthday presents we give to our mother and such presents make her very happy."

### TANDARD OIL CO. (IND.) NEW SERVICE STATION

Corner of East College avenue and South Mauvaister Street.  
Now open for business. Red Crown gasoline and Polarine oils and greases.  
Also for sale at C. N. Priest's Standard Oil Filling Station, corner West State and Fayette streets and at German Bros. Garage, 315 East State street.

### NOTICE OF COLOR FOR BALLOTS

Announcement is hereby made that the colors for the primary ballots to be used by the respective parties at a primary election to be held on the 13th day of April, A. D. 1920, in the county of Morgan, will be as follows:  
The Republican Party—Pink.  
The Democratic Party—Canary.  
Dated the 17th day of March A. D. 1920.  
George L. Riggs,  
County Clerk.

### POPULAR PRICED TAILORING

Tailoring, improved machinery, cleaning, pressing, buttons covered. FRANK-ENBERG, 221 N. Main.

### WILL MOVE TO ROSEVILLE

Friends of Mr. and Mrs. Orville Addison will regret to learn that they expect in the near future to remove to their farm in the vicinity of Roseville, Ill. Mr. Addison is now having the house renovated and made attractive for his abode and that of his family. During their stay in Jacksonville Mr. and Mrs. Addison have made a great many friends who will much regret to see them move away.

## PARK BOARD PLANS FOR IMPROVEMENTS

Will Make Number of Changes at Park—Golf Club Will Reclaim Some Low Ground—Driveways to be Changed.

The park board met yesterday morning in adjourned session at the park, enjoying a ride out there in Member Metcalf's fine Sedan car for which—thanks.

A great many improvements are waiting to be undertaken; some can be done this spring and the board regrets that some will have to wait as funds will not permit.

F. E. Farrell, representing the golf club of the city, accompanied the members and pointed out two pieces of work the golfers are willing to do at their own expense and leave to do the same was granted.

The driveway that circles that part of the park south of the lake and west of the east lagoon has a curve in it near the north end of the slope, just a little west of it, and that the golfers propose to straighten.

Quite a bit of ground just south of the small cement culvert crossing, the south end of the east lagoon is low and weedy, not capable of raising grass. That ground the golfers are to fill in with dirt taken from the elevation just east and when done there will be quite an addition to amount of grass ground and parking space for automobiles in times of need. The golfers are not to remove anything but scrub trees. Two evergreens will be moved. Three small evergreens northeast of the large pavilion, east of the well are to be removed. Some new ones will be bought in their stead and put in better places.

It was decided to remove the balcony in the large pavilion as it is hardly ever used and is more in the way than anything else. The secretary was instructed to get a pump which will enable the superintendent to spray the shrubbery which is somewhat infested with bugs and scale.

The driveway going north from the refreshment stand is to be doubled in width. The west side of it is lined with trees and these will remain as a boulevard and under these many cars may be parked, relieving the congestion when the bathing beach is in use.

The driveway from the bridge south will be straightened so that children going to the well will not have to cross the road.

Several other matters will have attention when funds are available. Much work yet remains to be done on the new exit and it will be pushed as fast as possible.

The WALLIS TRACTOR is ready to demonstrate on any farm in this territory. Give us the chance to show you what it can do. REEVE & CURTISS, Jacksonville, Waverly, Springfield.

### FOURTH WARD BASKETBALL GAMES

The fifth and sixth grades of Washington played two interesting basketball games Wednesday. The sixth grade defeated the Sixth A by a score of 16 to 11. The Fifth grade lost to the Fifth A by a score of 14 to 2. The line-ups:  
Sixth Grade—Wall, Hall, Ten-dick, forwards; Peterson, center; Barry, Jackson, guards.  
Sixth Grade A—Miller, Branum, forwards; Roland, center; Thompson, Mutch, guards.  
Fifth Grade—Lynch, Kamm, forwards; Davis, center; Sparger, Cully, guards.  
Fifth Grade A—Osborne, Clement, forwards; Hayden, center; Brinkman, Rabjohns, guards.

### THE BATES STEEL MULE

Tractor will be shown in moving pictures at our garage, Saturday afternoon and evening, March 27, plowing, discing, harrowing, threshing. Come see the world's greatest tractor in action. Bring your friends. JOY BROS., West Court Street.

### ADMIRAL MOORE OF U. S.

NAVY TO SPEAK AT FORUM Jacksonville has received many notable men and women during the Forum season but none more widely known in this country than Rear Admiral C. B. T. Moore of the United States navy. Admiral Moore will speak on "Military Training". Born at Paris, Ill., the Forum speaker went to the Academy in 1878 and has climbed the ladder until he became Rear Admiral. During the war one of the most responsible positions in connection with the United States fleet was given to Admiral Moore. As this is the final meeting of the Community Forum it is expected that a very large number will avail themselves of this opportunity of hearing one of America's leading defenders.

# Stick to Your Knitting

THE production of crude oil is, in itself, a highly specialized business.

The Standard Oil Company (Indiana) recognizes this fact and leaves to others the drilling of wells, the operation of pipe lines, and the other activities incident to the production, storage, and transportation of petroleum.

It buys its requirements of crude oil on the open market and pays the market price.

The business which engages the attention of the Standard Oil Company (Indiana) is the manufacture, distribution, and sale of the products of petroleum.

The Company goes into the oil fields and buys the Crude it wants from whoever has it for sale. In this way the Company is able to select with care the raw material it uses, and is not hampered in its endeavor to render greater service by being tempted to use crude which is not exactly suited to its needs.

By devoting all of its time to the business of refining and marketing, the Company is able to fulfil its obligation to the public by supplying petroleum products of the highest known standards—to maintain at all times a uniformity of quality—and to manufacture in such volume and in such variety of forms—as to enable it to sell these products at a low price.

**The Best Cough Syrup is Home-made.**

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Easter morning, there will be a special children's program and the service will close with the Lord's supper.

Miss Sarah Devore of Hutchinson, Kan. has returned to her home after spending the winter with her brother, J. H. Devore and family at Woodson. Her many friends were sorry to have her leave.

Mrs. H. Cain and daughter, Miss Katherine, are spending a few days in Quincy with friends.

Dan Baldwin spent Sunday with Irvin Sheppard and family near Woodson.

Mr. and Mrs. Percy Devore and little daughter and Mrs. Jack Leach spent Sunday with Mr. and Mrs. J. H. Devore.

Mrs. G. James spent the week end with her uncle, Sylvester Sheppard, and family near Murrayville.

Porter Bell was calling on Mr.

**TAKE NO CHANCES WITH THAT COLD**

Relieve it quickly with Dr. Bell's Pine-Tar-Honey

DR. BELL'S Pine-Tar-Honey is a remedy that has for years stood by thousands of cold and cough suffering men, women, and children, helping to promptly and effectively relieve these dangerous attacks. Severe colds or colds newly contracted are benefited by its pleasant balsamic and healing antiseptics. Phlegm is loosened, irritation eased, inflammation allayed, breathing made difficult.

You can give the children Dr. Bell's Pine-Tar-Honey, too. Safe and economical. Get a bottle today from a druggist. 30c, 60c, \$1.20.

**Dr. Bell's Pine-Tar-Honey**  
For Coughs and Colds

**PODO-LAX**  
LIVER AND STOMACH

**DOESN'T NEED ANY LAXATIVES NOW**

Mr. Becker says life is a joy, without constipation or stomach trouble.

"I had catarrh of the stomach and head for three years. My stomach was so bad that every time I ate anything sweet, such as fruit or candy, the burning hot water would run out of my mouth. I took a laxative every night.

"Since taking Milks Emulsion, my bowels move regularly. I have now taken ten bottles and have gained 10½ pounds. All my friends remark how fine I am looking, and it seems a pleasure to live again, without stomach trouble."—Bert Becker, Miami, Ohio.

Physicians usually make slaves out of their users, and weaken the bowels instead of correcting them. Stomach trouble in many cases is directly due to constipation.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

**REAL ESTATE TRANSFERS**

Joseph Kroeschner, by guardian, to Henry Kroeschner et al., east half northwest quarter 23-14-8, \$4,800.

**QUICK RELIEF FROM CONSTIPATION**

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth," "bad breath"—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

**GARDEN SEEDS**

We again call your attention to our line of garden seeds. They are a fresh lot and there is not an old seed among them. Every seed is tested.

**Stoves for Warm Weather**

We can save you money on oil or gasoline stoves. We bought our stock before this last raise and will give you the benefit of our foresight. But we suggest to you to come in now and pick out the stove you want—tomorrow may be too late. Do not forget to order those repairs for that machine that it may be ready when you want it. Remember we carry a full line of INTERNATIONAL HARVESTER COMPANY implements and have a line of repairs for their mowers and binders.

## Daily Market Report

**STOCK MARKET TOPPLES**  
IN FINAL SESSION  
New York, March 24.—The stock market toppled over in the last half of today's session after an early period in which several recent speculative favorites ascended to highest quotations in their history.

Leaders reacted five to over 40 points from top levels of the morning and a condition approaching demoralization characterized the feverishly active close with call money at 14 per cent.

Trading was once more controlled by professional interests and the extravagant operations of that element were largely responsible for the break.

General Motors again furnished the pyrotechnics of the session rising 10 1/2 points in the first hour to the new maximum of 410, and declining precipitately to 366, closing at that quotation with a net loss of 3 3/4 points.

Crucible Steel replaced an early gain of 1 1/2 points with a net loss of 5/8 and other motors, steels, equipments and oils finished at declines of 3 to 6 points.

Rails and standard industrials also substituted morning gains of 1 to 2 points with moderate losses and miscellaneous specialties were engulfed in the general reaction at the end. Sales amounted to 1,750,000 shares.

The bond market was not affected by the movement of stocks. Liberty issues for example scoring moderate gains for the day. Total sales (par value) aggregated \$1,350,000.

**E. ST. LOUIS LIVESTOCK**

East St. Louis, Ill., March 24.—U. S. Bureau of Markets—Hogs—Receipts, 13,000. Lights 25¢ to 35¢ lower. ## UNEASINESS CAUSES

## UPTURN IN CORN PRICES

Chicago, March 24.—Uneasiness on the part of shorts led to upturns in the price of corn today notwithstanding further extensive publicity to misdoings ascribed to speculators. The market closed nervous, 1/2 to 1 1/2¢ higher, with May \$1.56 1/2 to 1.56 3/4 and July \$1.51 to 1.51 1/4. Oats gained 1/4 to 1/2¢. Provisions showed a setback of 20¢ to 55¢.

At first, the corn market was depressed by continuance of selling due largely to focussing of traders' attention in rumors of wrongful methods of car control and on other supposed sinister reasons for crop movement.

The new declines today, however, were of brief duration.

Anxiety about the condition of winter wheat tended also to lift the corn market.

Oats paralleled the action of corn. Delays to seedling counted somewhat in favor of the bulls.

Free selling ascribed to packers had a weakening influence on provisions. The effect of upturns in grain was counterbalanced by lower hog values.

## FILTRATION AND POWER PLANT BIDS ARE OPENED

FIGURES ARE GREATER THAN FUNDS NOW AVAILABLE

Council Held Long Conference and Deferred Action—Citizens Must Help if Proposed Work Proceeds This Year.

Bids for the filtration plant and power plant which the city of Jacksonville desires to build were opened Wednesday morning by the city council. Mayor Crabtree presided and Alderman Cain was chosen clerk pro tem.

The bids were made in accordance with plans and specifications prepared by the Caldwell Engineering Co. in association with Pearce & Greeley, engineers, of Chicago. The bids are considered only in excess of the amount of money that the city has available. Because of this fact, after the bids had been opened Mayor Crabtree and the council appointed a special citizens' committee to consider the figures and if possible to offer suggestions to the council as to the best manner of procedure.

Citizens' Committee Named.—The committee named included Dr. J. R. Harker, W. L. Fay, Edward Loneragan, T. M. Tomlinson and John S. Hackett. This committee was in session from 2:30 until 3:30, when another session of the council was held. At that time the plans were considered by the council and committee in conjunction with the engineers and an effort was made to cut out certain provisions with the hope of so reducing the total that it will be possible to award the contract.

The general discussion continued until 5 o'clock, when a joint committee was named, including Dr. A. Chapin, J. R. Harker and J. S. Hackett, to consider the plans with the engineers and to report at a night meeting of the council.

Shortly after 8 o'clock the council session was called to order and then by mutual agreement adjournment was taken until tonight as the committee was not ready with definite recommendations.

The lowest bid for the filtration plant was by the International Filter Co., their figure being \$65,283. The next lowest bid was that of the John T. Walbridge Construction Co., with a bid of \$7,837. However, the bid of the Walbridge Co. for the power plant was \$58,417, which was considerably below the next nearest bid. It was specified that this bid should apply only in consideration of the company having the work for both the filtration and the power plants.

Walbridge Company Lowest.—By common consent therefore the bid of the Walbridge Construction Co. was considered the lowest. The contract will be awarded if the city officials and citizens can find a way for the further financing of the whole project.

In figuring deductions the council and committee felt that the filtration plant could be changed only slightly and the total suggested deduction is but \$2,950. With the power plant it is different matter and deductions amounting to \$15,475 were figured.

Before the passing of the present year the city will be able to issue additional bonds to the extent of about \$29,000. Assuming that citizens, in order to accomplish the projects now started, will authorize the issuance of these bonds, an tackling into account the funds available for the filtration plant and power plant there will still remain a shortage in funds of practically \$15,000. These facts will more clearly appear from consideration of the figures shown in an adjoining table. In any building project there are always unforeseen expenses and it will not be safe to figure the shortage at less than \$20,000. Citizens should understand that this sum of \$15,000 to \$20,000 will be needed for the completion of the plant even after the changes of plans have been made and account taken of the money now available and that which can be secured in the course of the year by favorable action of the voters in a bond election.

All Funds Needed Not in Sight.—The questions which therefore face the city officials and citizens are whether the city shall proceed with the building of the filtration plant and postpone entirely the building of the power plant, or whether there some special cooperative plan additional funds needed shall be pledged by citizens and the two plants completed.

In the conference yesterday it was very apparent that both city officials and citizens were anxious to proceed with the building plans because of the feeling that there will be no early reduction in prices and further because of their well-founded belief that the completion of these plants will make possible certain important savings in operation.

The principal saving would be in the item of coal, because of saving the haulage cost and the ability of the city to buy in carload lots direct from the mines.

The whole matter was deferred until the session tonight, with the hope that during the day some plan may be thought out whereby the work can proceed.

The council made plain last night the hope that if any citizen has a finance plan to suggest that he will make it known today to the mayor or some member of the city council.

PREPARE FOR DRIVE.—The ministers of the Christian churches in Morgan county met yesterday noon in the Central Christian church at Jacksonville and after a fine luncheon served by the ladies of the church made preparations for the Inter-Church drive in their denomination. The Inter-Church drive will be conducted in all the Protestant churches during the week April 25 to May 2.

## Summarized Figures On Filtration and Power Plants

Filtration Plant	
Contractor's bid	\$67,837
Engineering expenses	1,356
Chlorine Apparatus	700
<b>Total</b>	<b>\$69,893</b>
Possible deductions	2,950
<b>Total Cost</b>	<b>\$66,943</b>

Power Plant	
General Construction	\$58,417
Stack	6,279
Boiler	11,700
Railroad Switch	3,600
Engineering Expense	3,000
Machinery Removal from Present Plant	10,000
<b>Total</b>	<b>\$92,996</b>
Possible Deductions	15,475
<b>Total Cost</b>	<b>\$77,521</b>

Recapitulation	
Filtration Plant	\$ 66,943
Power Plant	77,521
<b>Total</b>	<b>\$144,464</b>

Funds Now Available	
For Filtration Plant	\$ 49,973
For Power Plant	44,000
From Bond Interest and Sinking Fund	7,300
<b>Total</b>	<b>\$101,273</b>
Possible Thru 1920 Bond Issue	29,000
<b>Total</b>	<b>\$130,273</b>

<b>Total Estimated Cost</b>	<b>\$144,464</b>
<b>Total Possible Funds</b>	<b>130,273</b>

\*Total Shortage \$ 14,191  
\*Building contingencies will make it wise to count the shortage at not less than \$20,000.

In the list of bidders for the filtration and power plants there were but two local names. Otis Hoffman, who submitted figures on all the work, and Bernard Gause, who submitted an estimate on a boiler.

The lowest bid for the filtration plant was made by the International Filter Co. However the bid of the John T. Walbridge Construction Co. for the power plant was so much lower than the next lowest bid for this part of the work that the total bid submitted by the Walbridge Co. for the two plants was the lowest.

The List of Bidders.—The various bidders were the Robert Filter Mfg. Co., of Darby, Pa.; International Filter Co., Chicago; New York Continental-Jewel Co., Nutley, N. J.; Otis Hoffman, Jacksonville; Fraser-Davis Construction Co., St. Louis; Krebhiel Co., Chicago and the John T. Walbridge Co., Chicago. Sub-bids were made by Bernard Gause, Jacksonville; Althons Custovis Chimney Co., Chicago; Springfield Boiler Co., and Runns & Skinner.

For the construction of the filtration plant bids submitted were made separately for excavation, structural steel, aerating basin, coagulating basin, filtered water basin, sewerage and some other special branches of construction.

For the power plant there were five divisions in the bids, providing separate figures for concrete work, brick work, stack, condenser and boiler.

The following summarized figures show what construction of the filtration and power plants will cost, the amount of funds now available and the funds that can be available during the present year thru the further bonding power of the city. These figures indicate that after deductions which the council and committee feel are feasible have been made, funds now available and possibly available during the year are taken into account, that there is still a shortage of from \$15,000 to \$20,000.

Questions to Answer.—The question on which the authorities are now seeking light is how this additional amount of money can be provided for the building of a power plant? Shall the city proceed with the building of a complete filtration plant and postpone entirely the building of a power plant? Shall the city build the filtration plant and proceed as far with the power plant as available funds make possible?

Shall the city build the filtration plant after making possible deductions, and build the power plant after making the possible deductions? If so, how shall the additional funds needed be acquired?

## JAMES MYERS HELD CLOSING OUT SALE

Disposd of Personal Property at Sale Wednesday—All Offerings Brought Good Prices.

James Myers held a closing out sale at his place at the corner of Lincoln and Greenwood avenues Wednesday. Mr. Myers sold off all his personal property including furniture. His son expects to occupy the residence and the father will make his home with him.

C. J. Wright and L. L. Henry were the auctioneers and Thomas Doyle served as clerk. Some of the buyers and prices are given: Harry Tarzwell, cow, \$136.

Thomas Myers, cow, \$115. James Myers, Jr., cow, \$67; one at \$54; calf at \$13.

C. J. Wright cow at \$62.50 and one at \$50.

Clarence Myers, four calves at \$17 each.

Harry Tarzwell, sow at \$67. Thomas Myers, sow at \$50.

About two dozen White Wyandotte hens were sold bringing from \$2.05 to \$2.10 each.

Alfalfa hay sold at \$1.35 per bale. Oats straw sold at 51 cents per bale and corn at \$1.51 per bushel.

Home cured hams sold at 26 cents per pound and bacon at 19 cents per pound. Furniture, kitchen utensils and dishes sold at high prices.

## With the Sick

Miss Getha Jones is confined to her home on West Court street by illness.

Samuel Henry who is a patient at Our Savior Hospital is improving in a gratifying manner and expects to leave the hospital and return to his home in Woodson next week.

## GIRLS WANTED

We can use a few more steady girls who want permanent positions with a growing concern. Good chance for advancement.

NEW METHOD BOOK BINDERY  
220-222 S. Main Street  
2nd Floor.

## Y. W. C. A. TO OPEN REGULAR WORK HERE

Provisional Organization Will Soon Be Effectuated—State Worker Now in City.

Miss Roe, town secretary and Miss Spunkle, county secretary for the Y. W. C. A. organization, are in Jacksonville for a conference concerning the local association. The visitors met yesterday with Miss Mary Wadsworth, county campaign chairman, and some others interested in the work. The purpose of these officers of the state organization is to form a provisional organization of the Morgan county Y. W. C. A. branch.

It will be necessary to name a chairman, a vice chairman and committees for special lines of work as follows: membership, survey, constitution, finance, headquarters and publicity. It is the intention to secure rooms for the local association and for the work to be in charge of a secretary. More detailed plans can be announced later in the week, when provisional organization will be effected.

So much interest has been shown in the Y. W. C. A. that the local association will start its work under very auspicious circumstances.

PROPERTY FOR SALE.—Ten and eight-tenths acres of land (10 8-10ths) and the building at Bluffs, Ill., formerly known as the property of the Jacksonville Water Works Co. For further information apply to Joseph Reisenman, Franklin, Pa.

ARE SELECTED FOR—REPUBLICAN DELEGATES.—Osage City, Kan., March 24.—William Allen White, of Emporia and Will Dalton of St. George were chosen as delegates to the Republican national convention by the fourth district Republican convention held here today.

The Hague, March 24.—Under a heavy police guard hundreds of workmen from the villages took the places of striking dockers at Amsterdam and Rotterdam today. A number of ships were loaded after a six weeks tieup.

Easter Sunday, April Fourth

## -beginning new, Easter

Easter means starting again—new life, flowers, leaves—Spring. It is the time to put winter-weary clothes into the discard and "blossom forth" in new attire.

Get in harmony with the psychology of the hour. A new hat, different cravat, gloves and a suit and overcoat of different color scheme and patterning.

## Kuppenheimer good Clothes

are fitting companions for the Easter spirit—Spring thoughts. They are the best in new styles. They are quality—fabric, tailoring, inside materials. And like the Easter spirit they are sincere.

Kuppenheimer good clothes are for the man who knows the value of good appearance and what real economy is—

Why we are proud to sell them and you will be to wear them.

## Your Easter Hat

You will find it easy to choose a hat becoming to you here from these noted style creators—Stetsons, Borsolinos, Vanitys.

\$5 to \$10—Others \$3 and up

# MYERS BROTHERS

## IN INTEREST OF MISSIONARY WORK

On April 5th, the sixth annual meeting of the Union S. S. Home Department of Jacksonville and vicinity will be held in Grace M. E. church.

Hot dinner will be served at 12:30 at 30c per plate. We are expecting a rousing meeting as full of pep and enthusiasm as the one held last year. A program of short talks will be followed by an address delivered by Rev. Pontius of the Christian church. Good music will also be a feature of the program. Please report to the undersigned if you intend to be there for dinner. Those interested are invited but pastors and their wives and Sunday school superintendents and home department workers are expected.

## TOWNSEND WILL RESIGN AS CHAIRMAN

Washington, March 24.—Senator Townsend of Michigan announced today that owing to ill health he would resign as chairman of the interstate commerce sub-committee appointed to investigate alleged radical activities of employees of the federal trade commission.

It was said either Senator Cummins or Iowa or Senator Frelinghausen of New Jersey would be appointed to head the committee.

## E. W. CRAIG SUFFERS BROKEN ARM

E. W. Craig, 502 South Prairie street, fell yesterday morning from a ladder and broke his left arm near the shoulder. The bone was set by Dr. C. H. Woltman and Mr. Craig is resting easily at his home.

## EASTERN STAR

Wilber Chapter, No. 358, stated meeting 7:30 Thursday evening, March 25th. Work. Refreshments. Visitors welcome. Mrs. Dora Lowdermilk, Worthy Matron.

## Food Is Your Building Material

If chosen wisely, you profit in energy and health.

You can do this with economy when you choose for your cereal food—

# Grape-Nuts

Delicious, in flavor, ready-cooked. Grape-Nuts is the ideal ready-to-eat dish which should be on every family table. There's not a bit of waste, and—

Grape-Nuts needs no sugar

Made by Postum Cereal Co. Battle Creek, Mich.

## Practical Easter Gifts

will be appreciated by men of good judgment. From our well selected stock one can easily secure such articles.
